One Day Seminar on

New Dimensions in Broadcasting

On Sunday
the 15th December, 2013
at 09.30 a.m.

at

INSTITUTION OF ENGINEERS (INDIA)

Andhra Pradesh State Centre
Visweswariah Bhavan,
Khairatabad, Hyderabad-500 004.
Ph.: 040 - 2331 4969

Organised by :

Broadcast Engineering Society (INDIA)

Hyderabad Chapter, Hyderabad.
Phone : 98480 30714, 97030 17700

1. Broadcast Engineering Society (India) was established in 1987 as non profit making professional body with the following prime objectives.

- A) To promote and encourage education, research and training in broadcast engineering & science;
- B) To invite from the members and others, communications (oral or written) and to hear and discuss such communications on Broadcast Engineering and allied subjects, at meetings of the Society;
- C) To organise conferences, exhibitions and technical lectures in various disciplines of broadcasting and cooperate with other learned bodies for participation in similar activities;
- D) To print or otherwise reproduce, publish, lend or distribute any communications made to the Society, any papers, treaties and publications on broadcasting or allied subjects and any reports of the proceedings of the Society;
- E) To promote the efficiency and usefulness of its members by setting up consultancy services of high professional standards and by laying down strict rules of personal and professional conduct;
- F) To project the interests of the broadcast engineering profession at National & International Forums;
- G) To provide means of communication between employers and employees in the Broadcast profession;
- H) To do such things as are incidental or conducive to the attainment of the above objectives;
- I) To utilise the income of the Society in the promotion of the above stated objectives only.

2) The Society has a membership of about 2300 members from the Broadcasting fraternity. The Society is affiliated to the Society of Broadcast Engineers, USA.

3) Broadcast Engineering Society (India), Hyderabad chapter has been regularly organizing Seminar cum Exhibitions annually and Technical lectures Bi-monthly/quarterly, to enlighten the Broadcasting media personal on the latest trends and technologies in Broadcasting. These events also includes exhibitions where the leading manufacturers from Broadcasting Industry will display their products and highlight their Usage in Broadcasting.

4) In an effort on the lines specified above, **"Broadcast Engineering Society (India), Hyderabad chapter is organising one day seminar on 'New Dimensions in Broadcasting on 15-12-2013 at Hyderabad'"** to provide an opportunity for updating the latest Technical developments of different delivery platforms, e.g. terrestrial, satellite, internet, mobile phones, IPTV etc. This will be useful to the Broadcasters Public and Private, Educational Institutions, Cable TV Networks and Telecommunication Organisations.

5) A Souvenir is also being brought out with technical topics covering the theme. The Seminar will have three technical sessions and six eminent speakers will present their technical papers relevant to the theme of the seminar.

6) The Seminar can be attended by all the Media personnel in the Broadcasting fraternity from Public and Private Broadcasting organisations including the Educational Institutions, Cable TV Network systems and Telecommunications. We therefore welcome the delegates from all the above organisations to make best use of the Seminar.
